Since 2004, our primary mission has been clearly and impactfully defined: to make social initiatives possible that make inclusion happen, promoting the inclusion of people with disabilities, young people, and adolescents in the workforce and extending our supportive hand to various groups in situations of social vulnerability. Our HISTORY

2004

BORN

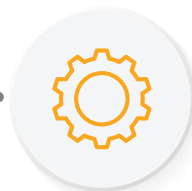

In May 2004, we realized there was a need among companies to hire people with disabilities. On August 16, ten companies came together to found Unilehu, legally becoming the first sponsors of the project.

2005

FIRST STEPS

On January 5th, Unilehu began operating in a room at the church located on Rua do Rosário. With only one employee, the first actions were initiated to support people with disabilities and to prepare companies for inclusive hiring through the development of a social technology.

2006

CHANGES

Beginning of more professionalized work in communication, prospecting, and partnership development, with a complete renewal in management.

2008

EXPANSION

The Unilehu gained a new headquarters on Av. Visconde de Nácar, with even more space.

20 YEARS of Inclusion

We were born with a clear purpose: to unite our efforts to build a more just society

2024
